**The Role of the Health Insurance Professional in Educating America**

Poland, Ohio (March 10, 2011) – Soaring healthcare and healthcare benefit costs has been the subject of national debate for some time. As our country's President and his administration work on solutions to the problem, it becomes increasingly important that everyone become more educated in how the healthcare industry works. On Tuesday, March 24, Paul Hollern, PartnersAdvantage, LLC, will present "The Role of the Health Insurance Professional in Educating America," with a focus on how licensed health insurance agents play such a major role in spreading the truths about the nation's healthcare industry to consumers and legislators. Join the Western Reserve Association of Health Underwriters (WRAHU) at Bruno's Restaurant, 1984 Boardman-Poland Road, Poland, Ohio, for lunch and this informative program which has been approved for 1 CE credit. Registration begins at 11:20 AM followed by lunch and a brief WRAHU business meeting. The CE program begins promptly at Noon.

This month's sponsor is **Partners Advantage/Nippon**, an MGA distributor for Nippon Group Health products for 50 lives and under.
