

CareWorks Consultants OAHU Member Agent Referral Program Overview

Businesses save money and YOU get rewarded for it!

**Presented in partnership with the
Ohio Association of Health Underwriters**

Earn 31.25% Commission

With the CareWorks Consultants Inc. (CCI) Referral Program, insurance agents and financial advisors can earn 31.25% commission on clients who qualify for and join a CareWorks Consultants group rating program. All agents and advisors can produce for the program – no property and casualty insurance license is required.

Last year, the average participant in the CareWorks Consultants Referral Program earned about \$1,000. The top producer earned more than \$5,000.

Companies simply complete a personalized AC3 form and return it to you, the agent or directly to CareWorks who will then provide them with a no-cost, no-obligation analysis to determine qualification and amount of savings.

If the business doesn't qualify, CCI can work with and help them qualify as soon as possible. Commission is available in on these referrals as well.

Group Rating Saving Example

Sample roofing contractor paid \$138,240 in BWC Base-Rated Premium for 20 employees

Normal BWC Base Rated Premium	\$138,240
Group Savings Rate = 50%	-\$69,120
Roofing Contractor's New Premium Cost	\$69,120
Group Savings from Above	\$69,120
Program Administrative Fee	- 4,838
Roofing Contractor's Total Net Premium Savings	\$64,282
Producing Agent's Commission	\$1,511.88
(31.25% of Program Administration Fee-each year)
