A NOTE FROM YOUR OAHU PRESIDENT

Many of us are preparing for our summer activities - NAHU Annual Convention, vacations, golf, fishing, camping, and many other relaxing activities outside of insurance. However, the storms of unrest will continue to develop not only in Washington DC, but across the country where people have been notified that their markets are about to change dramatically. These changes will occur whether legislation is implemented to repeal-replace the ACA or remain status quo. Our customers are about to face much more difficult decisions than in the past and there is a lot of interest in single payor now due to the failing private health insurance markets.

Now more than ever, we need one voice with our legislators to improve our markets and maintain both the employer-based programs and a strong individual market. The struggle is real for the carriers, your peers and our customers that depend on us.

Too much focus has been placed on politics, not policies or more importantly, people. I've never been impressed by labels whether "Independent", "Republican", "Democrat", "Senator", or even "CEO". What impresses me is well thought-out ideas put into action for the benefit of those impacted without creating bigger/more expensive government.

Change creates opportunity for those who are willing to change - we have a lot of change coming and it is my wish that you embrace the changes and identify the new opportunities for continued success!

help advance the association's mission. Like baseball's Triple Crown, it recognizes accomplishments in three key areas. However, while baseball's Triple Crown hasn't been won since 1967, NAHU's Triple Crown can be won every year by hundreds of our members. [Read More](#)
